Experiment- 4: Dashboard Design and Storytelling – Components of Dashboard, Understanding how to place worksheets in Containers, Action filters and its types.

Sample Dataset: India_State_Health_Expenditure_2016-17.csv

Stage 1: Load Data

1. Save above as `India_State_Health_Expenditure_2016-17.csv`.
2. Open Tableau → Connect → Text File → select CSV.

Stage 2: Create Worksheets

1. **Map View**
   - Drag `State` → Rows (set Geographic Role → State/Province).
   - Drag `PerCapita_₹` → Color.
   - This gives a choropleth map of India by per capita expenditure.

Bar Chart (OOPE vs GHE)

- Drag `State` → Rows.
- Drag `OOPE_pct` → Columns.
- Add `GHE_pct` as a second measure (dual-axis or side-by-side bars)

CHE Comparison

- Drag `State` → Rows.
- Drag `CHE_Cr (₹ Crore)` → Columns.
- Sort descending to highlight big vs small spenders.

Stage 3: Dashboard with Containers

1. Create a new Dashboard.
2. Drag a **Horizontal Container** → place **Map (left)** and **Bar Chart (right)**.
3. Add a **Vertical Container** below → insert the **CHE Comparison chart** + a **Text Box** with insights.

Stage 4: Add Interactivity

- Dashboard → Actions → **Filter Action** → Select **Map** as source, **Bar/Comparison** as targets.

In Tableau, a Story is a sequence of sheets or dashboards arranged like a slide deck, guiding the user through data narrative.

Stage 1: Prepare Worksheets and Dashboard

1. Create the worksheets (e.g., Map, Bar Chart, CHE Comparison).
2. Arrange them in one or more dashboards with containers, filters, and actions.

Stage 2: Start a New Story

1. From the bottom tabs, click **"New Story"**.
2. Tableau opens a **Story workspace** with a blank canvas and a "Story Point" placeholder.

Stage 3: Add Story Points

1. Drag a **Dashboard** (or Worksheet) into the story point area.
2. Add a **caption** above it (e.g., "Overview: Per Capita Health Expenditure by State").

Government vs Household Spending
Health expenditure varies widely across Indian states. Kerala and Tamil Nadu invest more per capita, while Bihar and Uttar Pradesh lag behind
